

flooring design  
for a better environment™

## Pearlazzo PUR

Pearlazzo PUR enables you to bring a special brand and elegance to any commercial environment with its unique pearlescent chip.

Available in a palette of 24 contemporary colours, from pale neutrals through to more intense tones, Pearlazzo PUR features a unique multi-flake design giving it a distinct appeal.

Like all Polyflor PUR ranges, Pearlazzo features a high quality, cross linked polyurethane reinforcement system UV cured to provide a low-cost polish-free maintenance regime for the lifetime of the flooring.

Pearlazzo is really 'flooring design for a better environment'. Polyflor's twenty two PUR ranges of high quality and safety vinyl flooring achieve 'Green Tag' certification by Ecospecifier, scoring maximum points on the 'GreenTag' 'Flooring Calculator' and 'IEQ-VOC' sections of the Green Star rating tools.

Pearlazzo PUR is 100% recyclable, contains 25% recycled material, is VOC compliant and Green Tag certified.

Recommended for heavy traffic areas, Pearlazzo PUR is recommended for use throughout commercial buildings, healthcare, education and mining facilities, retail outlets.
